

Instructions for Huntsville Police Officer Bricks

All officers who either work or have worked at the Huntsville Police Department (retired or left in good standing) will have their brick placed inside the “blue line” circle, nearest the statue.

These bricks will be uniform in appearance with the officer’s name on the first line and ONLY the year of hire on the second line. The name can appear either with or without rank, as long as it fits in the 14 spaces provided. Blank spaces will also count in the 14 spaces. The names will appear exactly how you write them so please write legibly.
